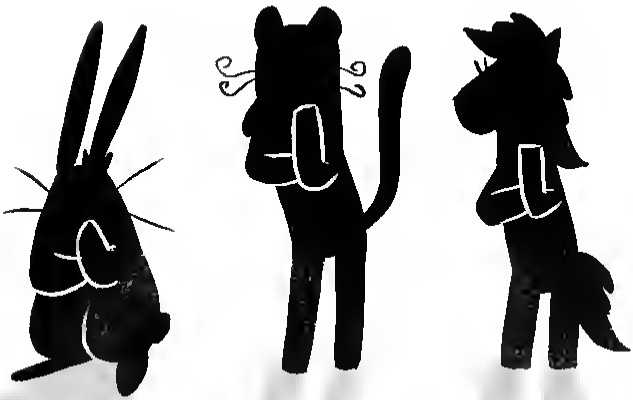
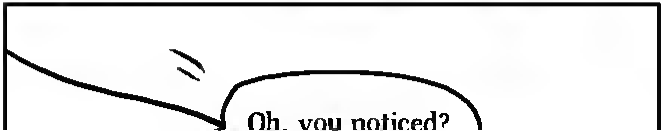
Put A Ring On It



Tiffany, is that a ring?
It's quite pretty.

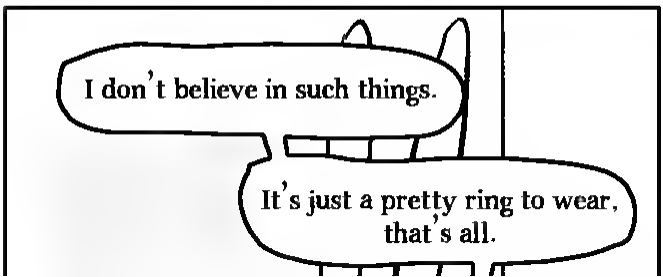


Oh, you noticed?

Tortis bought this ring for me last weekend!

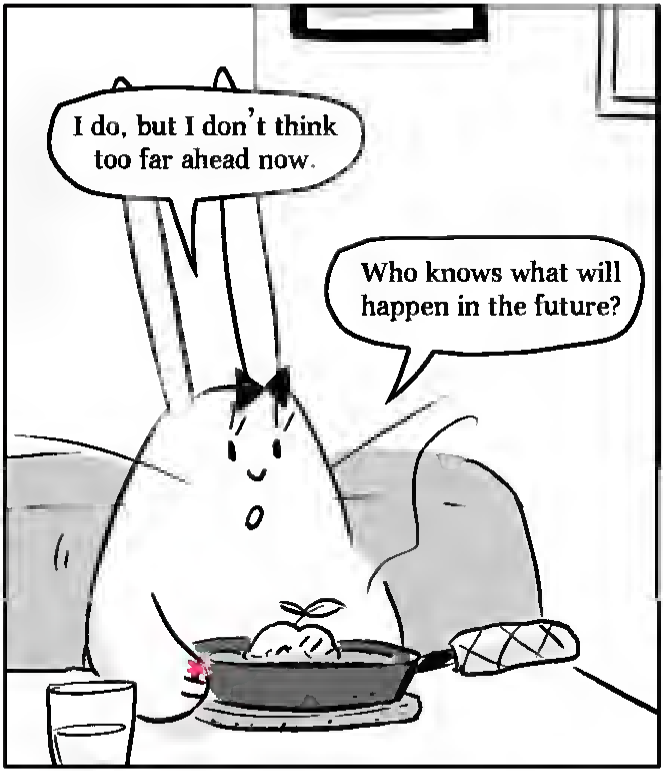
It was our 200-day anniversary.
Isn't he so sweet!

Don't tell me it's an engagement ring.
Don't be silly!

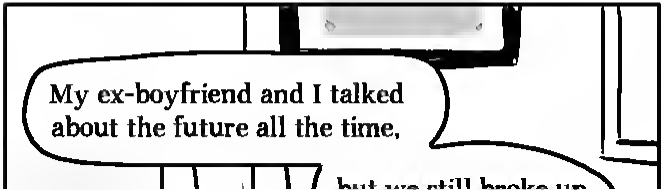


I don't believe in such things.
It's just a pretty ring to wear, that's all.

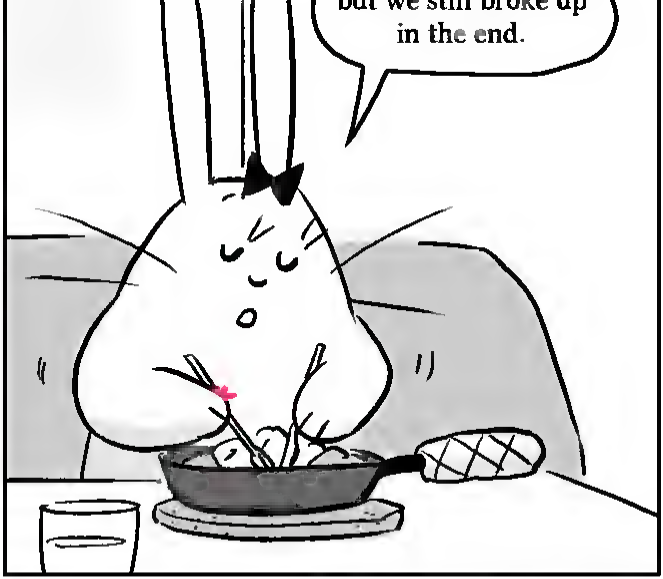
You don't believe in commitments?
Don't you think about the future when being with somebody?



I do, but I don't think too far ahead now.
Who knows what will happen in the future?



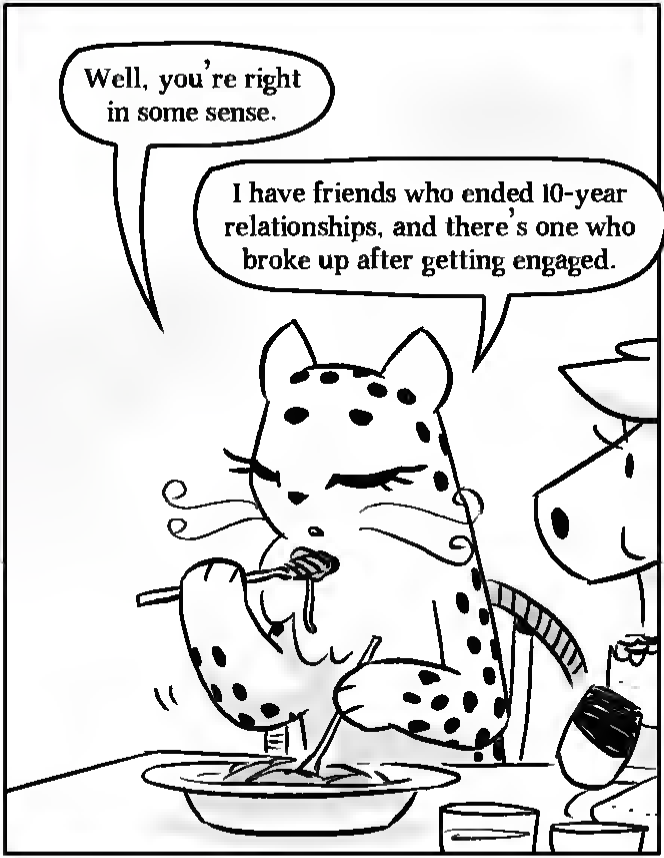
My ex-boyfriend and I talked about the future all the time,



but we still broke up in the end.

Promises don't mean much to me.
What's important is that we are happy together at this moment!
yum!

Tiff is really an example of seizing the moment!
No one really knows what will happen in the future.



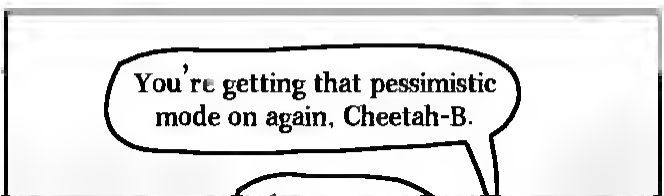
Well, you're right in some sense.
I have friends who ended 10-year relationships, and there's one who broke up after getting engaged.

Oh my!

I feel sorry for them.

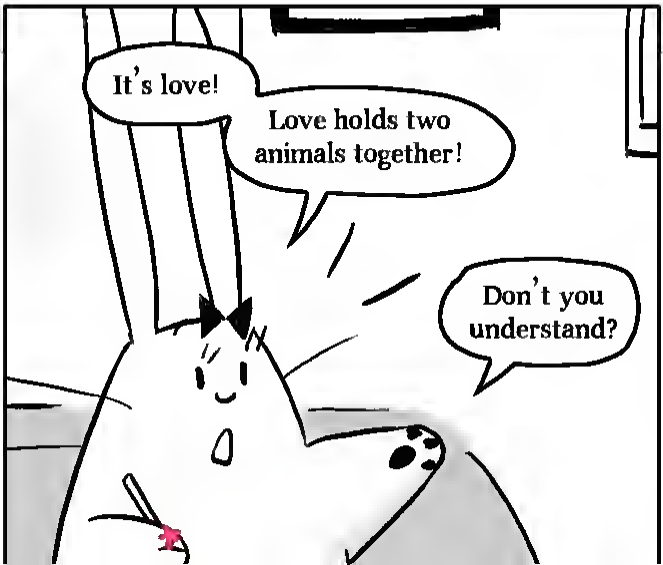
Even married couples can divorce.
I just wonder what holds two animals together.

Putting a ring on it doesn't really gurantee anything nowadays.



You're getting that pessimistic mode on again, Cheetah-B.

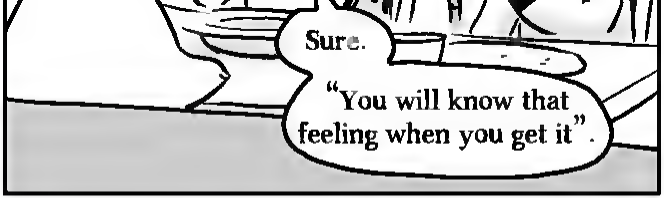
I'm just being practical.



It's love!
Love holds two animals together!
Don't you understand?

Oh well, I'm not going to talk about this topic with you two who has never been in love!

Haha, I guess so.

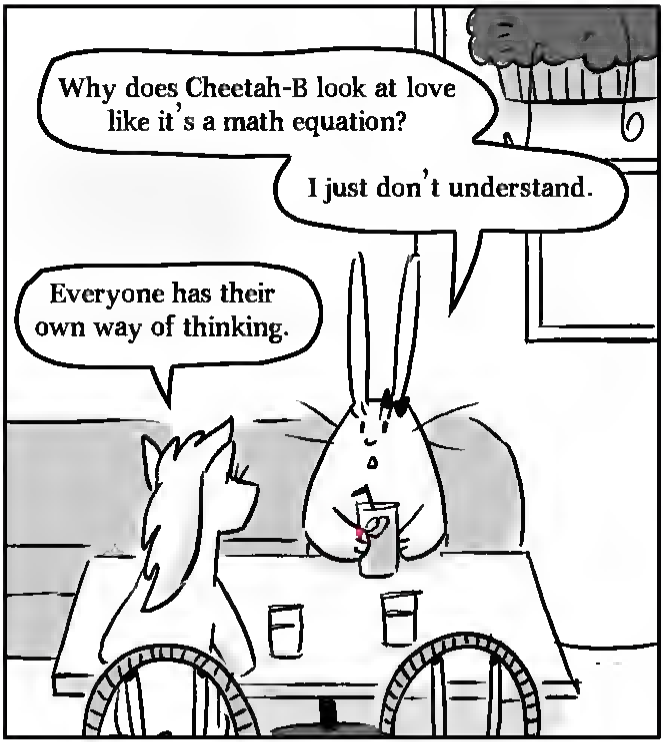


Sure.
"You will know that feeling when you get it".

Oh, I gotta go.
Leo's calling me back.
TAP

See ya soon girls.
I'll pay for

bye!



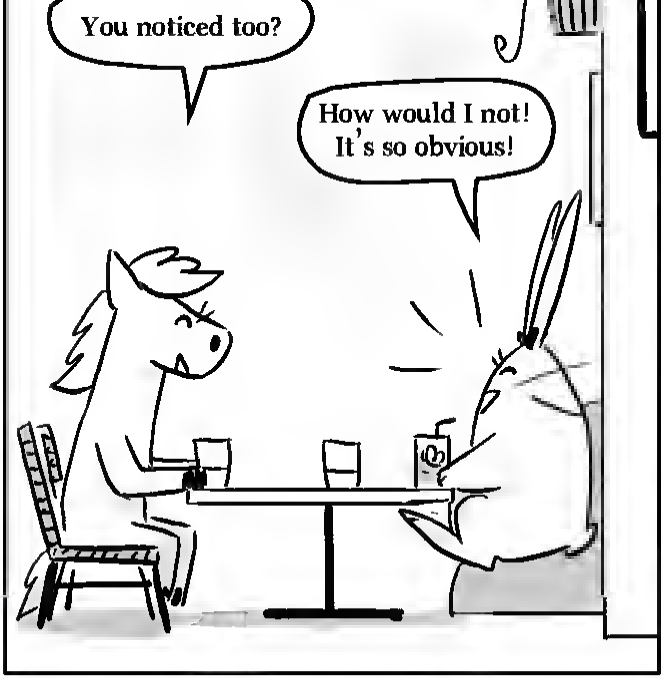
Why does Cheetah-B look at love like it's a math equation?
I just don't understand.
Everyone has their own way of thinking.

Anyway, do you think Cheetah-B

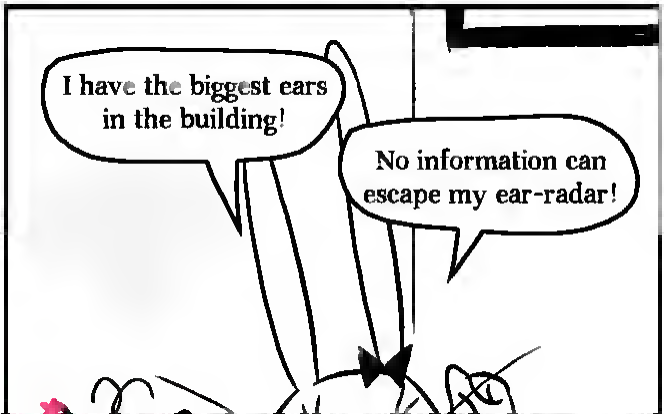
and Leo make a nice couple?
Rumors are flying all over in the RSJ building!
Even Chef Mousse knows about it too!

It's hard to say...
I think they look nice together, but they have been friends for a long time...

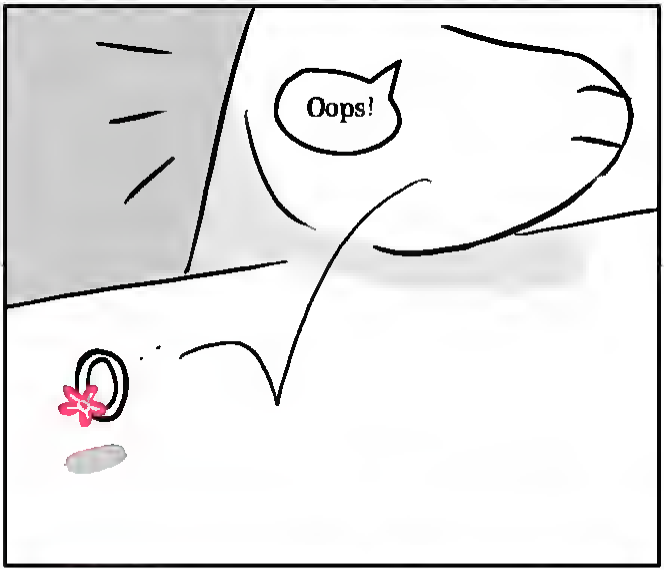
I hope they won't friendzone each other forever.
They say Leo has a crush on Cheetah-B!



You noticed too?
How would I not! It's so obvious!



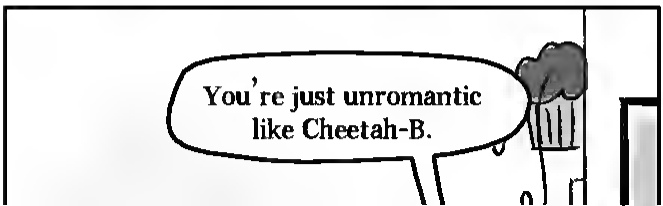
I have the biggest ears in the building!
No information can escape my ear-radar!



Oops!

That was close!
So glad my ring is unharmed!

That's why
I don't like rings.



You're just unromantic
like Cheetah-B.

I guess so.
haha

...Rings are more like chains to me.
